ICRC

9th European Meeting on Forensic Archaeology

August 20-21 2021,

Geneva, Switzerland

Dear Colleagues,

After careful consideration and evaluation of all information related to the COVID-19 pandemic, the University Center of Legal Medicine Lausanne - Geneva (CURML), the International Committee of the Red Cross (ICRC) and the EMFA board has made the difficult decision to postpone the meeting originally planned for August 20-21, 2020 in Geneva, Switzerland to August 26-27, 2021. This was not an easy decision to make, but due to the current situation we had no other option.

The good news are, the EMFA in Geneva is not cancelled and we are happy to have the opportunity meeting you all in the beautiful city of Geneva during summer time in 2021.

The abstract submission process will be open for 2021 and you can continue to send in your abstracts. Furthermore, we will keep all submitted abstracts. If you wish to update or present a new research topic, feel free to modify or submit a new abstract. Participants who have already paid the fee can maintain the registration as it will be valid for EMFA 2021. Please let us know if you wish a refund.

New deadlines for abstract submission and registration will be available until end of this year. The conference website (<https://www.xing-events.com/EMFA2020.html>) will be kept open. New dates and all relevant information will be updated.

In the meantime, we welcome your questions (info-emfa2020@unige.ch) and we thank you very much for your understanding and your support. We wish you and your loved ones good health throughout this difficult time.

Kind regards,

On behalf of the Organizing Committee

Dr Negahnaz Moghaddam
